

## Emerging Minds Kick Off Meeting - London 1.30- 4.30pm Monday 18 November 2019

Penton Room, [Lift Islington](#), 45 White Lion St, The Angel, London, N1 9PW

The [Emerging Minds](#) network would like to invite you to a kick off meeting hosted by [Dr Abhijit Nadkarni](#) and [Professor Chris Bonell](#) from the London School of Hygiene and Tropical Medicine. This meeting will be hosted at [Lift](#), a youth hub in Angel, Islington.

[Emerging Minds](#) is a mental health research network funded by UK Research & Innovation (UKRI) with the aim of encouraging research across sectors and disciplines. We want to reduce the prevalence of mental health problems amongst children and young people through mental health promotion, prevention and early treatment.

The Emerging Minds network has a fund of £500,000 to share to enable research collaborations. We have prioritised 4 [research challenges](#) from the questions that young people, families, practitioners and policy makers have told us are most important and pressing. The purpose of the meeting and workshops is to kick start the next stage of the project.

The objectives of the event are:

- To share more details about the Emerging Minds [funding calls](#) to be launched in autumn 2019.
- To showcase inspiring examples of relevant research
- To facilitate discussions around possible collaborations to address the Emerging Minds [research challenges](#).

We will also be highlighting the opportunities offered by the other UKRI funded [mental health research networks](#).

The meeting is limited to 60 spaces. You can [register for your free place on Eventbrite](#).

Please do contact Emily Lloyd at [info@emergingminds.org.uk](mailto:info@emergingminds.org.uk) if you have any questions or to find out more.
