

Emerging Minds Kick Off Meeting - Nottingham 9.30am – 1.30pm 21 November 2019

*Institute of Mental Health, University of Nottingham,
Innovation Park, Jubilee Campus, Triumph road, Nottingham, NG7 2TU*

The [Emerging Minds](#) network would like to invite you to a kick off meeting hosted by [Dr Jen Martin of MindTech](#) at the Institute of Mental Health, University of Nottingham.

[Emerging Minds](#) is a mental health research network funded by UK Research & Innovation (UKRI) with the aim of encouraging research across sectors and disciplines. We want to reduce the prevalence of mental health problems amongst children and young people through mental health promotion, prevention and early treatment.

The Emerging Minds network has a fund of £500,000 to share to enable research collaborations. We have prioritised 4 [research challenges](#) from the questions that young people, families, practitioners and policy makers have told us are most important and pressing. The purpose of the meeting and workshops is to kick start the next stage of the project.

The objectives of the event are:

- To share more details about the Emerging Minds [funding calls](#) to be launched in autumn 2019.
- To showcase inspiring examples of relevant research
- To facilitate discussions around possible collaborations to address the Emerging Minds [research challenges](#).

We will also be highlighting the opportunities offered by the other UKRI funded [mental health research networks](#).

The meeting is limited to 40 spaces. Lunch and refreshments are included and you can [register for your free place on Eventbrite](#).

We will also be hosting a proposal development workshop for Early Career Researchers on the afternoon of Thursday 21 November. You can find [further details here](#).

Please do contact Emily Lloyd at info@emergingminds.org.uk if you have any questions or to find out more.
